AMATEURS READY FOR BOXING FRAY

Dozen Husky Youngsters Go Four Rounds Tonight for State Championship.

SOME PROMISING TALENT

BEAN PROMISES A SURPRISE FOR LOVERS OF RING.

According to the programme arranged by Willard Bean, there should be some mighty good sport in the boxing and wrestling tournament at the theatre this evening. Amateurs all over the state have sent in their entries and Bean spent a busy day yesterday matching the men to give the best results. He has four round boxing bouts in every division from the bantam up, and as each man is after the decision, there should be some warm arguments put up to decide the winners.

This will be the first amateur boxing tournament ever held in the state. In California amateur boxing bouts have been held for some time and judging from the notices received in the press, these bouts are frequently better than many of the professional contests in that part of the country. The only difference between the amateur and professional bouts is that six-ounce gloves instead of four are used and draws are not allowed. In case the men have an even break at the end of four rounds an additional round is called for.

Bean's programme for this evening calls for tumbling, wrestling and the following boxing contests, each of four rounds duration:

Bantamweight. Smith vs. Royle; featherweight. West vs. Bowen; lightweight. Fielding vs. Julian; welterweight. Richardson vs. Myton; welterweight. Barnes vs. Wray; welterweight. Gardner vs. Kelly; heavyweight. McKay vs. Christian.

Gleason and Johnson are down for two five-minute wrestling bouts.

WHERE WEST EXCELS EAST

California Football Elevens Play Faster Football Than Eastern Elevens.

Many believe the west is superior to the east in everything. Some who claim that this is true in sporting events are laughed at by the eastern cities, but when one sees down to earth the west generally holds its own. This has been proven especially true in football.

An eastern critic who has analyzed the big games of the year has concluded that Stanford and Berkeley played the fastest game of the year. As Utah did not have an opportunity of playing either of these teams it is hard to say where Mad-dock's hurry up boys would class in the race for speed honors, but to western men it is some satisfaction to know that California leads them all.

Here is what the eastern critic has to say:

"A map of the Stanford-California game shows the eighty-seven plays were reeled off in the first half, and 111 in the second—a total of 218. Careful scrutiny of charts of four representative eastern games and one engagement of the middle west fails to reveal anything quite so sprightly as this. Michigan and Chicago are only three behind, with 195 movements of the ball. Dartmouth-Brown, 194; Yale-Princeton, 156; and the poky Army-Navy collision 150. The Stanford-California game from eighty-seven in the first half to 111 in the second is really remarkable."

The summary of plays follows:

Game	1st Half	2nd Half	Total
Harvard-Yale	75	85	160
Yale-Princeton	70	85	155
Brown-Dartmouth	80	85	165
Army-Navy	84	66	150
Chicago-Michigan	96	99	195
Stanford-California	87	111	198

GOLFERS WELL FIXED.

United States Association Has Plenty of Money.

New York, Jan. 16.—The annual report of the executive committee of the United States Golf Association, published today, shows that a prosperous financial condition continues to exist. The balance on hand Jan. 1, 1905, was \$10,464, as against \$11,190 Dec. 1, 1904.

The report also shows an increase in membership. In February, 1905, the total was 288 clubs and Dec. 1, 1905, it was 293. Since the last meeting fourteen clubs have been elected to allied membership, five clubs have resigned and four have been dropped, while two clubs have been transferred from associate to allied membership.
